

## Faculti Summary

<https://faculti.net/what-is-assisted-dying-and-how-could-uk-law-change/>

MPs in England and Wales have passed a bill to legalize assisted dying for terminally ill adults, with 330 votes in favor and 275 against. The legislation allows individuals with less than six months to live to choose to end their life under strict conditions, including approval from two doctors and a high court judge. However, the bill will undergo further scrutiny in parliament and may still be amended, delayed, or rejected before it becomes law.
